

## Third-party App Compatibility List

The table below shows the compatibility of third-party apps when the DJI Mic 2 transmitter is connected to a mobile phone via Bluetooth.

Third-Party App	Function	iOS	Android
Filmic Pro	Video Filming	✓	✓
Protake	Video Filming	✓	✓
Douyin	Live Streaming	✓	×
Kuaishou	Live Streaming	✓	×
bilibili	Live Streaming	✓	✓
Huya	Live Streaming	✓	×
WeChat	Video Account Live Streaming	✓	×
RED	Live Streaming	✓	×
FaceTime	Video Chatting	✓	Not Available for Android
Instagram	Live Streaming	×	×

- Due to the restricted accessibility of some app interfaces, there might be issues with audio reception through the transmitter. Select a Bluetooth device as the audio device in the system camera. If there is no Bluetooth device option, audio reception through the transmitter is not supported. In this case, it is recommended to connect the receiver to a mobile phone.
